MEDICINAL

Each of the chief organs of the body is a link in the chain of life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of heart or lungs, liver or kidneys, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of disease of the stomach and other organs of digestion and nutrition. Diseases of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

"I was in poor health when I commenced taking Dr. Pierce's medicines," writes Mr. Elmer Lawler, of Volga, Jefferson Co., Ind. "I had stomach, kidney, heart, and lung troubles. Was not able to do any work. I had a severe cough and hemorrhage of the lungs, but after using your medicine a while I commenced gaining strength and finally stopped coughing right away. Took about six bottles of 'Golden Medical Discovery.' I feel like a different person. I gladly recommend your medicine to all sufferers, for I know it cured me."

The use of Dr. Pierce's Pleasant Pellets will cure that foul breath.

CATARRH Nasal

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

COLD IN HEAD Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large size, 50 cents at druggists or by mail; trial size, 10 cents by mail. ELY BROTHERS, 50 Warren St., New York.

Like a Comet in the sky comes the star of health to the weak and weary despondent dyspeptic, curing all stomach troubles and digestive disorders.

Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing, purifying and strengthening the glands, membranes of the stomach and digestive organs.

BLIZZARD IN SOUTH DAKOTA.

Meager reports have reached St. Paul, Minn., of a terrific blizzard which was raging last night in South Dakota and moving rapidly eastward. Sioux Falls, S. D., is almost entirely cut off from the world, as only one wire is working between that place and Sioux City, Iowa, and this is used exclusively by the railroad for train service orders. The storm struck Sioux City soon after dark, starting in with a fine rain, which quickly turned to snow. The thermometer sank rapidly, and the wind rose almost to hurricane velocity, one report putting its speed at ninety miles an hour, and before it the snow was driven in sheets, making traffic of any kind almost an impossibility. It is thought railway service will be practically at a standstill by morning, and fears are entertained for settlers in the country. Fuel is very scarce in some sections, and the cold wave which naturally will follow the blizzard will cause much suffering.

Bismarck, N. D., is in the midst of a great mid-winter hurricane, in which the wind reached a velocity of sixty-four miles an hour. Hardly had the State legislature adjourned, when the windows in the House and Senate chambers were driven in by the wind. Heavy glass in the skylight was blown down and fell with a crash into the Capitol rotunda, narrowly missing several persons. Decorations for the inaugural ball were ruined, a portion of the Capitol roof was blown off and the cupola windows blown in. Many narrow escapes of individuals were reported throughout the city, by flying glass and boards. Windows, fences, and smaller buildings in all parts of the city were wrecked.

WILLING TO WORK SUNDAYS.—For the second time within a month government authorities are called upon to consider a unique question of civil service involving Seventh Day Adventists. The first case was in the War Department and the second, which became known yesterday, affects the Postoffice Department, which will decide the legal status of William M. Lewis, who went to Washington Monday to accept a position in the office of the Superintendent of Rural Free Delivery.

Before Lewis took the oath he informed First Assistant Postmaster-General Wynne that he (Lewis) could not work on Saturdays, on account of his religion. He was, however, willing to make up for lost time by working on Sundays. Mr. Wynne referred the question to the Assistant Attorney-General of the Postoffice Department for an opinion in the case. Postmaster-General Payne says the case is not one in which a decision should be reached as to the man's religious scruples, but simply one for deciding the legal status of the appointee. Meanwhile Lewis is without work.

BRITAIN WARNS THE PORTE.

Great Britain has vigorously protested to the Turkish government against the permission granted in September last to four unarmed Russian torpedo-boat destroyers to pass through the Dardanelles into the Black sea under the commercial flag of Russia. These vessels were about to start on the proposed trip. The British note says the passage of the Dardanelles by the torpedo-boat destroyers would be a violation of the existing international treaties, and that if Russian warships are thus allowed to use the Dardanelles Great Britain will serve the right to demand similar privileges. The protest has caused irritation in Russian circles and concern on the part of the Turkish authorities, who fear that other powers will follow the example of Great Britain. The German government declines to associate itself with the protest of Great Britain to the Porte concerning the passage through the Dardanelles into the Black sea of unarmed Russian torpedo-boat destroyers, and it has informed Russia to that effect.

OFFERS ANOTHER LIBRARY.

Andrew Carnegie has offered to give Philadelphia \$1,500,000 toward the extension of its free-library system. Under the conditions of his offer this sum is to be applied only to the erection of 30 buildings, which are to be used as branches of the main library. The city is required to furnish the sites for the buildings, to equip the libraries and afterward maintain them at a yearly cost of at least \$5,000 for each building. The main library is not included in Mr. Carnegie's offer, the city having already appropriated \$1,000,000 for the purpose. John Thompson, librarian of the Philadelphia Free Library, had an interview with Mr. Carnegie last Saturday, when the details of the offer were arranged. Mr. Thompson yesterday presented the proposition to Mayor Ashbridge, who expressed his pleasure. It is not known as yet whether the city will accept the offer. The subject must first be considered by the City Councils.

Mrs. Fred Vnrath,

No. 226 Territorial Street, Benton Harbor, Mich.

"I am pleased to give my experience with Wine of Cardui for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer from miscarriage nor does a woman who is healthy suffer from childbearing. It is the woman who is illing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

MOTHERHOOD is the noblest duty and the highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are

Wine of Cardui, in re-informing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

out of Christmas and New Year vegetables. Every mail brings numerous checks to the expectant grower in Sanford. Everything sent to the western markets, and especially lettuce, has brought surprising prices. Returns show sales made of lettuce at from \$2.50 to \$5 per carload. One shipment of a carload containing 400 crates sold in New York for \$1,200. If these figures continued long everyone engaged in the trucking business in that section would soon be in easy circumstances. The recent cold wave did little injury to the young growth, and, in fact, was of benefit to lettuce. Sanford is well filled with agents from the north soliciting shipments, and many believe prices will continue during the entire month of January as they now are, and may go even higher.
